2019 JUL 13th ~ AUG 9th

MIYAZAKI MUNICIPAL UNIVERSITY
MMU LIBERAL ARTS

ABOUT MIYAZAKI MUNICIPAL UNIVERSITY

Miyazaki Municipal University (MMU) was opened in 1993 in anticipation of the 21st century amidst the throes of major social changes, a time when regional communities, as well, were calling for the development of competent individuals capable to cope flexibly with societal reforms.

From its inception, the college has consistently considered its objective to be the nurturing of individuals adept at dealing with globalization. Based on this belief, the university has unwaveringly provided an education that cultivates higher levels of abilities in the use of foreign languages and information, and imparts to our students both breadth in liberal arts education and a depth in specialization. Moreover, in order to fully realize the significance of being a municipal university, within the community, we also engage in sponsor activities that promote regional contribution activities, with a focusing on the revitalization of our local community and promotion of life-long learning.

The luxurious environment distinctive to MMU's urban campus also provides the foundation upon which to nurture a depth of character. Situated in the part of Miyazaki City most densely populated with educational facilities, the MMU campus is surrounded by museums, a library, elementary and junior high schools, and more. Though an urban location, the campus boasts an abundance of flowers and greenery, which creates a comfortable learning environment.

ABOUT MIYAZAKI CITY AND MIYAZAKI PREFECTURE

Comfortable Climate

Average Annual Temperature 17°C

At 17°C, Miyazaki's average yearly temperature ranks third in Japan, preceded only by Okinawa and Kagoshima. Miyazaki boasts year-round warm temperatures, and the No. 1 ranking of 54 clear days annually. With the largest amount of rainfall in Kyushu, Miyazaki's well-balanced climate encourages the growth of vegetation, creating a lush and verdant natural environment.

Comfortable Cost of Living

Reasonable Living Expenses

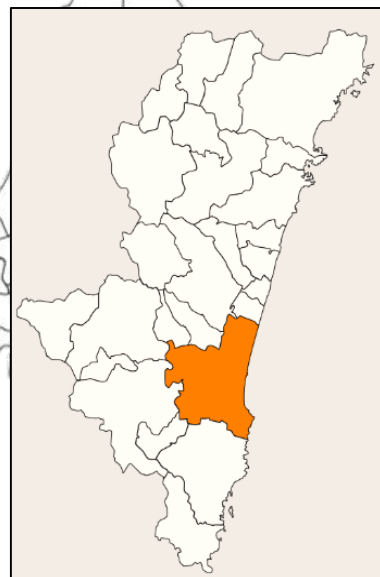

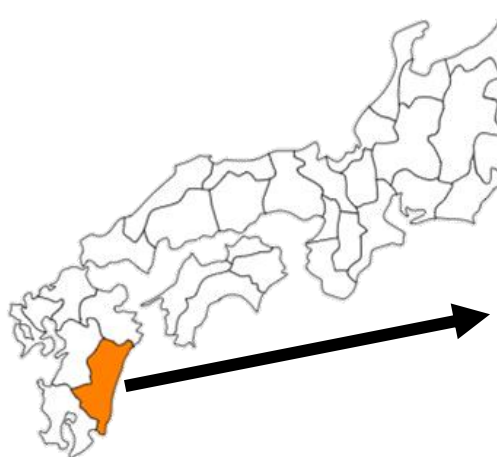

Miyazaki City has one of the lowest consumer price indexes in Japan. Not only are commodities inexpensive, the fruits yielded by both land and sea are abundant and fresh.

Comfortable Landscapes

The Fusion of Everyday Life and Resplendent Nature

First in Japan to establish the Roadside Scenery Beautification Regulations, Miyazaki enforces regulations that protect roadside trees and natural landscapes and promote the planting of flowers and trees for the purpose enrichment of the prefecture. The government is working enthusiastically to build a city where our daily lives are comfortably melded with nature. Miyazaki boasts the second largest municipal park area per person in Japan. Using its natural assets, Miyazaki has created a rich environment where we can truly feel the blessings of nature in our daily lives.

INTRODUCING THE PROGRAM

Miyazaki Municipal University (MMU) offers a 4-week Japanese summer program in 2019. The program aims at providing a comprehensive introduction to Japanese language and culture. Students will develop their language skills, experience both traditional and contemporary culture in Japan, and increase their understanding of the Japanese society.
